

*THE BEAUTY OF NEW ENGLAND FOR THE FLOORS OF AMERICA*

## Cape Cod Collection

### Hard Maple

#### Fact Sheet

Green River is once again setting the standard with our new pre-finished hardwood flooring line, the *Cape Cod Collection*. If you are looking for quality, durability, and precision milling then look no further than Green River's *Cape Cod Collection*

- Manufactured to the highest standards
- Using the industry's latest pre-finishing technology
- Backed by a 25 year wear warranty.

Any selection from the *Cape Cod Collection* will provide a pre-finished solid hardwood floor that will truly last a lifetime. We hope this fact sheet will aid in your selection of the floor that is right for you.

**Green River Pre-Finished Maple** is distinguished by its whiteness and superior uniformity of color. Our grading of pre-finished maple exceeds most standards. We use only Northern Hard Maple lumber, some of the most sought after maple lumber on world markets. There simply is no substitute.

**Hyannis Maple** is an all white sapwood product making a naturally light colored and durable floor. No brown heartwood is allowed. There may be an occasional small mineral streak. Lengths range from 11" to 7', averaging approximately 3.00'.

**Lewis Bay Maple** has a light overall appearance. It contains both white sapwood and light brown heartwood. Approximately 45% of any piece may be light brown. Limited, small character marks and knots up to 1/4" are allowed.

**Chatham Maple** contains all of the natural coloration and characteristics of this specie, including sound knots, streaks and color variations. This is truly a lively character product; showing the full appearance of the specie. Coloration ranges from white sapwood to brown heartwood offering a distinctive floor like no other. Lengths range from 11" to 7', averaging approximately 2.50'.

## Cape Cod Collection

### Red Birch

### Fact Sheet

Green River is once again setting the standard with our new pre-finished hardwood flooring line, the *Cape Cod Collection*. If you are looking for quality, durability, and precision milling then look no further than Green River's *Cape Cod Collection*

- Manufactured to the highest standards
- Using the industry's latest pre-finishing technology
- Backed by a 25 year wear warranty.

Any selection from the *Cape Cod Collection* will provide a pre-finished solid hardwood floor that will truly last a lifetime. We hope this fact sheet will aid in your selection of the floor that is right for you.

**Green River Pre-Finished Red Birch** is noted for its natural luster, satin-like appearance, and its durability, creating a truly distinctive floor. Pre-finished Red Birch features a reddish-brown coloration and often contains figured grain patterns. We are careful to purchase our lumber sorted for the red heartwood to assure as much consistency as possible in its coloration.

**Vineyard Red Birch** is graded for clear red heartwood. While there will be some natural color variations, the darker and lighter toned pieces are graded out to maintain as uniform a color as possible. This product is practically free from sapwood and imperfections; there may be an occasional small streak or other natural characteristic. Lengths range from 11" to 7', averaging approximately 3.00'.

**Nantucket Red Birch** contains natural color variations between lighter toned sapwood and rich, reddish-brown heartwood. Including sound knots, streaks and color variations. This is truly a lively character product; showing the full appearance of the specie. Lengths range from 11" to 7', averaging approximately 2.25'.

## Cape Cod Collection

### Yellow Birch

#### Fact Sheet

Green River is once again setting the standard with our new pre-finished hardwood flooring line, the *Cape Cod Collection*. If you are looking for quality, durability, and precision milling then look no further than Green River's *Cape Cod Collection*

- Manufactured to the highest standards
- Using the industry's latest pre-finishing technology
- Backed by a 25 year wear warranty.

Any selection from the *Cape Cod Collection* will provide a pre-finished solid hardwood floor that will truly last a lifetime. We hope this fact sheet will aid in your selection of the floor that is right for you.

**Green River Pre-Finished Yellow Birch** is a richly colored flooring line that is truly a distinctive product only found at Green River. Green River Pre-Finished yellow Birch is noted for its distinctive coloration, natural luster, satin-like appearance, and its durability.

**Yarmouth Birch** is a Select and Better grade that contains the full blend of coloration found in Northern Birch, from creamy white sapwood to warm yellows to rich red heartwood. This combination creates a truly distinctive floor whose appearance is often enhanced by figured grain patterns and other natural characteristics. Tight, small (less than ¼") pin knots, burls and streaks enhance the appearance of Green River Berkshire Birch. Lengths range from 11" to 7', averaging approximately 3.00'.

**Falmouth Birch** is a lively character product that shows the full appearance of this specie. Coloration ranges from rich, dark red heartwood to light red tones to warm yellows and creamy white sapwood. Green River Falmouth Birch will include all of the natural characteristics of this specie, including sound knots, streaks and color variations. Lengths range from 11" to 7', averaging approximately 2.50'.

## Cape Cod Collection

### American Cherry

#### Fact Sheet

Green River is once again setting the standard with our new pre-finished hardwood flooring line, the *Cape Cod Collection*. If you are looking for quality, durability, and precision milling then look no further than Green River's *Cape Cod Collection*

- Manufactured to the highest standards
- Using the industry's latest pre-finishing technology
- Backed by a 25 year wear warranty.

Any selection from the *Cape Cod Collection* will provide a pre-finished solid hardwood floor that will truly last a lifetime. We hope this fact sheet will aid in your selection of the floor that is right for you.

**Green River Pre-Finished American Cherry** is famous for its luxurious, rich, red heartwood. It has been prized by generations for its inherent beauty, needing no embellishment. The lumber we use comes from Pennsylvania and Southern New York, the world's most renowned Cherry producing areas.

**Wellfleet Cherry** is graded for clear red heartwood. While there will be some natural color variations, as the darker and lighter toned pieces are graded out to maintain a uniform color, while this product is essentially free from sapwood and imperfections, there may be an occasional small streak or other natural characteristic. Lengths range from 11" to 7', averaging approximately 3.00'.

**Bass River Cherry** contains natural color variations between lighter toned sapwood and rich, reddish-brown heartwood, including sound knots, streaks and color variations. This is truly a lively character product; showing the full appearance of the specie. Lengths range from 11" to 7', averaging approximately 2.50'.
